

Friday 16<sup>th</sup> May 2025

Dear Year 3 parents and carers,

### PSHE Summer 2

Below is an outline of the objectives that will be covered next half term in the 'Changing Me' topic which is part of our PSHE curriculum.

- How babies grow - I understand that in animals and humans lots of changes happen between birth to fully grown, and that usually it is the female who has the baby.
- Babies - I understand how babies grow and develop in the mother's uterus. I understand what a baby needs to live and grow.
- Outside body changes - I understand that boys' and girls' bodies need to change so that when they grow up their bodies can make babies. I can identify how boys' and girls' bodies change on the outside during this growing up process.
- Inside body changes - I can identify how boys' and girls' bodies change on the inside during the growing up process and can tell you why these changes are necessary so that their bodies can make babies when they grow up.
- Family Stereotypes - I can start to recognise stereotypical ideas I might have about parenting and family roles.
- Looking ahead - Identify what I am looking forward to when I move to my next class.

Please note, all these lessons are compulsory as they are either in our PSHE or science curriculum. If you have any questions, please do not hesitate to speak to your child's teacher or the senior leadership team.

If you would like to discuss this in more detail, please contact me via the school office.

Kind regards

Mr Carl Watkins

Headteacher
